

IBlockOutputter

```
classDiagram
    class IBlockOutputter
    class CommandBlockConsoleOutputter
    CommandBlockConsoleOutputter --|> IBlockOutputter
```

The diagram illustrates a class hierarchy. At the top is the 'IBlockOutputter' interface, represented by a white box with a black border. Below it is the 'CommandBlockConsoleOutputter' class, represented by a gray box with a black border. A blue arrow points from the bottom of the 'CommandBlockConsoleOutputter' box to the bottom center of the 'IBlockOutputter' box, indicating that 'CommandBlockConsoleOutputter' inherits from or implements 'IBlockOutputter'.
